# Who we are Our history

## WHO WE ARE

We are a business group with a history of 105 years of working in the Brazilian agribusiness and that operates in the industrial slaughterhouse for about 2 years. Our origin was in coffee growing in 1912, but today we operate in livestock, soybean, corn and sugarcane cultivation, with the industrialization of sugar and alcohol, contributing to the development of the regions where we work in, through innovation and a participatory management model focused on the process efficiency and the quality of our products.

## OUR LOCATION

ForteFrigo is located in the city of Paragominas, northeast of Pará, in an area of 26 hectares, where the company has an industrial unit that processes about 2 thousand tons of meat per month.

## VALUE

Valuing our clients, employees, family and community in which we operate.

Permanent pursuit of business excellence

Boldness in achieving results

Entrepreneurial spirit and overcoming challenges

Responsibility and honesty.
